**Experience a whole new world with Patch Products
3D Sneaky Puzzles!**

BELOIT, Wis.—Patch Products, a leading manufacturer and marketer of board games and puzzles, aims to give consumers a complete visual experience with the release of their new *3D Sneaky Puzzle*®, *Singin' Sea Creatures*™!

With 3D being one of the hottest trends around, the *Singin' Sea Creatures* 3D puzzle is sure to fascinate. This 46-piece vibrant floor puzzle is full of surprises! Put together the colorful sea and then slip on the included sturdy 3D glasses for a magical experience! Children will be astonished as they watch the sea creatures swim towards them and try to reach out and touch them.

But the magic doesn't stop there! Hidden within the puzzle are all of the letters of the alphabet and numbers 0–9...pretty sneaky, huh? Race to be the first one to find them all or bond with your child as you help them recognize each letter and number in the humongous 2 x 3 foot picture.

The *Singin' Sea Creatures 3D Sneaky Puzzle* is the perfect way to get a child's imagination moving while having fun and learning!

With the anticipated popularity of the *3D Sneaky Puzzles*, Patch Products will soon be adding two more *3D Puzzles* to its 2010 collection, featuring a lightning bug theme and safari theme. For ages 3 and up.

For more information on Patch Products and *3D Sneaky Puzzles* visit patchproducts.com or call 1-800-524-4263.
