Patch Products new party game will have you laughing in seconds!

BELOIT, Wis.—Let the games begin! Just five seconds, that’s all you have in *5 Second Rule™*, a crazy new race–against–the–clock party game from Patch Products.

It should be easy to name 3 breeds of dogs—but can you do it under the pressure of 5 seconds twisting down, and with the other players staring at you, waiting for you to get flustered? Time’s not on your side, so just say what comes to mind and risk ridiculous answers slipping as time twirls down on the unique twisted marble timer!

5 Second Rule is sure to deliver lots of laugh–out–loud fun and is a great game for shaking up parties, family gatherings or any group three or larger. Players will have a blast in this spontaneous and contagious game as they listen and watch players try to beat the twisted timer, get tongue–tied and get completely flabbergasted.

This party game comes with 576 questions ranging in a variety of categories from naming super heroes, to spices, to types of deodorants. All questions ask players to name 3 things in 5 seconds, while they race against the fun sounding timer that drops a string of small marbles from top to bottom. The concept of the game is simple and makes it easy for any beginner to jump right in. If you are looking for a social game that sparks laughter *5 Second Rule* is the game for you! For 3 or more players, ages 10 to adult.
