Funny Bugs™

PICTURE BINGO

Rules

Contents: 10 Bingo Boards,
75 **Funnybugs** Bingo Markers,
32 Picture Cards

Object:

Be first to get 5 **Funnybugs** in a row by identifying objects.

Set Up:

- Punch out all the **Funnybugs** Bingo Markers and Picture Cards. Place all of the Picture Cards face down on the table.
- Choose a Bingo Board. Decide which side you will use to play.
- Take a handful of Bingo Markers and place them nearby your Board.
- Choose a Player to call out the Pictures.

Play:

- If you are the player designated to call out the Pictures, turn over a Picture Card, say what is pictured on it, and show it to the other players. Give yourself and the other players enough time to search your boards for the item.
- All players search their boards for the picture that was called. If you have it, take a **Funnybugs** Bingo Marker and place it over the item, marking it.
- The center spot on everybody's Bingo Board acts as a "free" Marker.

Winning: If you're first to get 5 **Funnybugs** Bingo Markers in a row, either across, down, or diagonally, shout, "**Funnybugs** Bingo." You're the winner!
