Dizzy Dizzy Dinosaur Comes out of Extinction!

Patch Products adds another classic 80s game to their popular Treasured Toys line.

BELOIT, Wis.—Stomp on over to the game aisle because *Dizzy Dizzy Dinosaur*™ is back! This blast-from-the-past popular 80s game will have your kids roaring with laughter in no time.

It's a simple fact: kids love dinosaurs and they will think this game is dino-mite! *Dizzy Dizzy Dinosaur* is the thrilling game where a goofy, rowdy dinosaur is the center of attention! Dizzy's not a monster, he's a friendly wind-up dinosaur who just likes to whirl around and have fun!

Take turns rolling the dice to move cavemen on the paths. When you roll the dice and they come up with a Dizzy or two, it's time to let Dizzy loose on the board. He may turn left, he may spin right, there's just no telling where he'll go! If he bumps your caveman off of the path, you have to go back to start...so get your cavemen to the cave as quick as you can. The first player that gets all five of their caveman to the cave wins! For 2 to 4 players. Ages 4 and up.
