

100 Really DUMB Things™

YOU have to DO while PLAYING this game!™

RULES

For 3 or More
Players
Ages 7 & Up

CONTENTS

96 Really Dumb Cards, 4 Prop Cards, 4 Props (Brainy Glasses, Engagement Ring, Tambourine, Cat Nose)

OBJECT

Be the player who does the Dumbest Things and gets the highest score.

SET-UP

- The 4 youngest players randomly pick a Prop Card and take the related Prop. If only 3 are playing, the youngest starts the game with 2 Props. Be patient if you don't have a Prop when the game starts. They will be passed around during the game.
- Shuffle the Dumb Cards, and put them in a facedown pile within easy reach of all players.
- Decide how many rounds to play. With 4 or 5 players, we recommend 8 rounds. If you have more players, try fewer rounds. With fewer players, you'll want to play more rounds. When every player has picked 1 card, that's considered a round. So if you decide to play 8 rounds, each player will have picked 8 cards.

PLAY

- The youngest player goes first, with play passing to the left.
- On your turn, draw a Dumb Card from the top of the stack and place it faceup in front of you. Each time you draw a card, add it to the row of cards in front of you.
- Read the card aloud to all players very, very carefully to make sure you know exactly what Dumb Thing to do. Notice that each card has a point value, 1-12, based on the dumbness of the action.

(Continued on page 2)

There are 2 types of Dumb Cards:

Always—If you draw an Always Card, do the Dumb Thing immediately. Then repeat that Dumb Thing whenever it's your turn.

Whenever—If you draw a Whenever Card, do nothing right now. However, read the card carefully because you will need to do whatever Dumb Thing is on the card whenever another player does a specific Dumb Thing.

- Don't forget to read the Prop Cards and pass them around throughout the game.
- If you think a Dumb Thing on a Dumb Card would be hazardous to your health, feel free to put that card on the bottom of the stack and draw another one. But you will have to face the ridicule of the other players.
- Once during the game, each player can pick 1 of his or her cards and give it to another player. But remember that in addition to giving that player something really dumb to do, you also are giving him or her points. And that might cause you to lose the game!
- It's OK to remind players if they forget to do one of the things on the Dumb Cards in front of them. After all, the whole point of the game is to see everyone act really dumb!

WINNING

After the agreed-upon number of rounds, players add up the points on their cards. The player with the highest score wins. Congratulations! You have done a lot of Dumb Things!

Now play again.
