BIRTHDAYS!

A Special Guide to the Best Birthday Gifts for \$20 or Less

A Grrreat Lift-the-Flap Book

Picture-book duo Pittau and Gervais treat animal lovers to a visual safari in the oversize *Out of Sight*. Flaps mostly cover the critters, but a clue — a rump, stripes, an eye — pokes out and hints at who's hiding. The big fun comes in uncovering the 53 beasts, from otter to okapi, and a little-known fact about each. *Ages 4 to 8. Chronicle, \$20*

Puzzles With Appeal

The wooden **Multi-Solution Shape Puzzles** encourage creativity with their "more than one right way to place the pieces" approach. *Four puzzles available. Ages 3 to 5. P'kolino, \$20*

The glasses included with the 46-piece **3D Sneaky Floor Puzzles** not only make the completed puzzles pop but also let kids find hidden objects within each scene. *Three puzzles available. Ages 3 to 6. Patch Products, \$15*
