Patch Introduces Mighty Monkeys to Pegging!

BELOIT, Wis.—Patch Products introduces a new element of fun to their popular *Lauri® Tall-Stacker™* Pegging line with their unique new monkey pegs. Kids will go bananas over the adorable *Tall-Stacker Mighty Monkey™ Pegs & Pegboard Set!*

The *Tall-Stacker Mighty Monkey Pegs & Pegboard Set* is a versatile teaching tool that helps build essential hand-eye coordination, fine-motor control and math skills during play. Kids will think they're just having fun stacking the colorful monkeys, but they're actually sorting, counting, adding and subtracting.

With education being a top priority in the *Tall-Stacker* line, the *Mighty Monkey Pegs & Pegboard Set* includes an activity guide that suggests several exercises to get started. Kids also will enjoy using their imagination to create their own *Mighty Monkey* formations and seeing how high they can stack the monkey pegs!

Besides the educational value, kids will also love that the colorful *Mighty Monkey Pegs & Pegboard Set* allows for pegs to go in either one of the monkey's hands and 36 holes in its *Lauri®* crepe rubber pegboard. In addition, each monkey peg can be used with the original *Tall-Stacker Pegs* for unlimited possibilities.

As with any *Lauri* pegging product, *The Mighty Monkey Pegs & Pegboard Set* comes with a handy storage box with a carrying handle so kids can take their fun with them wherever they go. For ages 2 and up.
