**Have fun on a farm or get lost in an enchanted kingdom with *Lauri's Peel & Stick Jr. kits***

BELOIT, Wis.—Pictures come alive as children create 3-D scenes by sticking thick, colorful foam squares on the scene boards in Patch's Lauri<sup>®</sup> brand, *Peel & Stick Jr. On the Farm<sup>™</sup>* and *Enchanted Kingdom<sup>™</sup>*.

The large, thick foam shapes with Peel & Stick<sup>™</sup> adhesive make these kits a favorite with younger kids. Each kit includes three 12" x 14" numbered scene boards and over 160 foam mosaic squares on easy-to-use sheets. Plenty of material is included to make beautiful scenes as a wonderful project or as a fun party activity for three artists.

The fun starts when the child decides what scene they would like to make. From the beginning, the child will notice the blank white areas on the scene board and that some areas of the scene are numbered. This is where they will stick the foam pieces to create their 3-D picture. While creating the pictures, children will refer to the finished picture on the box as a guide. Starting with the number one, children will stick a foam piece in the blank white area labeled one and try to match the color and shape shown in the finished picture. After filling in all of the number one spaces, they will fill in the number two spaces by placing the foam pieces in the correct position on top of the number one piece already on the board and so on.

The *Peel & Stick Jr. On the Farm* and *Enchanted Kingdom* kits are a fun and safe way for children to do crafts. The Peel and Stick adhesive makes this craft project clean and easy. Once finished, parents can attach the magnet strip that is included in the kit and display the child's finished works of arts on refrigerators or file cabinets!

These entertaining and affordable kits are recommended for children ages 4 and up. Other kits in the *Peel & Stick Jr.* line include *Around Town<sup>™</sup>* and *On the Go<sup>™</sup>*.
